# ORGANIZATION OF CITY GOVERNMENT

Tuesday, January 3, 1933.

The members of the city government for the municipal year of 1933, having met for organization, agreeably to the provisions of the city charter, the convention was called to order by Hon. William H. Watson, at ten o'clock in the forenoon.

Hon. William H. Watson made the announcement that, Nathan C. Sibley having been notified of his election to the office of mayor for the current municipal term, was present for the purpose of taking the oath of office. The oath of office was administered by Hon. William H. Watson, who introduced the Mayor to the aldermen and councilmen elect and to the citizens present.

After roll-call by the clerk, Mayor Sibley administered the oath of office to the following named members of the board of aldermen and councilmen, to wit:

BOARD OF ALDERMEN

Ward 1.—Howard W. Kirk.
Ward 2.—Elmer R. Damon.
Ward 3.—William F. Barrett.
Ward 4.—Winthrop Faulkner.
Ward 5.—Charles S. Bergeron.

Prayer by Rev. George Lawrence Parker at Inauguration Ceremonies of Mayor, Councilmen, Aldermen, and other city officials of Keene, on Jan. 3, 1933.

Almighty God who hast established law and order and government in the hearts of men, we invoke thy Spirit to be with the people of this city today as we dedicate these representatives and leaders of the city's life to their tasks of the coming year. Make these chosen standard-bearers mindful that a serious trust has been committed to them, not only to perform the corporate will of the people but also to lift that will of the people to higher levels. May they be conscious that their ideals and their example in right conduct are as needful for the good of the city as is the faithful discharge of the duties laid upon them. Give them patience and wisdom in solving the human problems created by our very life as a city. Give them particular wisdom and courage before the particularly heavy distress and uncertainty of this present hour.

We dedicate them to righteousness, justice and unselfishness in their high offices, in order that contentment and peace may dwell within these borders.

And no less do we dedicate ourselves, the people, to our high task of good citizenship. Conscious that government cannot rise higher than the people wish it to rise, we pray for a lofty spirit of cooperation with these leaders. Remove from us the too-hasty tongue of criticism and of unjust complaint; remove from us all secret aspiration for mere power and personal gain. Make us to bear our own share in our government by upholding all right ideals of our officials; and if all our ideals are not quickly reached help us to search our intentions as citizens as well as the intentions of our elected servants.

Bless, we beseech Thee, this Mayor, this Board of Councilmen and Aldermen and all who now assume responsibility. In equal degree give thy blessing upon our corporate family of citizens that working altogether we may strengthen in this city all purposes of uprightness, all honesty of personal conduct, and all ideals of contentment and peace.

By these pathways, O God, and by thine ever-present help may this city be in its degree truly a part of the Kingdom of God on earth, a New Jerusalem of New Hampshire, a real and vital part of our new America and our new world.

To Thee as Supreme Architect and Builder of the Commonwealth of Human Souls, even of the souls of us thy beloved children, we shall render glory, reverence, praise and honor now and forevermore.

AMEN.

After the prayer Mayor Sibley delivered his inaugural address. It was voted that the convention now rise, to meet in the respective boards on Thursday evening, January 5th at 7:30 o'clock for the transaction of general business, at which time the common council organized by the election of Cowling Hilton as president and Harry E. Gale, clerk.

# THE MAYOR'S ADDRESS

As we meet today to organize the City Government for another year, let us first pay a silent tribute to the memory of one who so recently and ably presided over our city. We deeply feel the loss of the sterling help and friendship of, Ex-Mayor John J. Landers.

As there are many changes in the personnel of the new government, I take this opportunity to express my thanks and appreciation to last year's body for their help and effort in city work.

We welcome the new members to be associated with us for the ensuing year and sincerely hope and expect the pleasant relation to continue as in the past.

Important at all times, especially so under the present conditions, finance calls for our careful study. In private business, in times of stress, the first idea is to retrench and cut operating costs, but while a city or town can follow the same plan to some extent, they must adjust themselves to the conditions that arise when private business is slow or perhaps stops entirely.

As under present conditions of lack of employment in private lines, the demands at once increase on the city for either work or aid, and as the regular employees are sufficient to maintain the city departments, it is evident that there must be some made work or the unemployed must be taken care of out of city funds. Any labor that can be found and reasonably done is far better for the morale than help provided by charity.

I would like to suggest that the Overseer of the Poor department, be designated as the Keene Welfare department.

We have been favored with having several labor projects that by the stagger system have employed a fair percentage of the unemployed. The emergency employment fund of last year used in Woodland cemetery and on the Base Hill road provided work for about 35 men for 4 months, besides using what would have been idle city equipment, including, trucks, tractors, etc. The city will upon the sale of the improved lots, receive a full return of all the money expended in the cemetery, and it might be well to consider an extension of the work as there is still a large tract of unimproved land.

The State road on Concord Hill used 35 to 40 men for several weeks, using Keene labor and equipment on a wholly financed state project. Statewide diversion of accumulated highway funds made possible the new road to the Sullivan line and nearly finished the Keene end of the Branch road.

As these jobs are now finished and all available funds for emergency employment have been used, thought must be turned to the future and every endeavor made to prepare for the coming year.

A water main connection from upper Court St. to West Keene is very necessary and should be put in this year. This could be wholly financed from Water Works earnings.

No doubt the State will not extend the plans of State roads for the coming year, but Keene and Cheshire County should bend every effort to procure a new road from Baker St. to the Marlboro line, the work being done by local labor.

As the Old Age Pension law was passed by the State, it seems an injustice that the expense should be borne by the cities and towns. I hope this will be taken over by the State.

Tax litigation is not necessary and it has proven very expensive both to the taxpayer and to the city. All tax suits of 5 to 7 years duration were closed as of December 1st, this year and, while there are several more started (there is to be a revaluation this year) it is reasonable to believe the new cases can be settled without going to the courts.

A very substantial reduction in the estimated expense for the coming year is completely overbalanced by legal expenses, interest charges, and rebates on previous tax suits showing the folly of litigation.

Very careful expenditure of city money, no new projects, only necessary upkeep and emergency work, a sliding scale of pay reduction, less school, library and police expense combined, cannot lessen the tax burden until the fixed overhead expense of payments on bonds and interest is reduced.

Of the $238,000 budget recommended for the coming year, about $96,000 comes under the fixed charge, leaving a balance that must be handled very carefully to prevent overdraft. As tax values are to be lowered and about the same amount has to be raised, it follows that we must expect an increase in the tax rate, but not in the tax dollar paid by the individual taxpayer.

Our Streets and Sidewalks are far better than the average city, and other than the ordinary repairs can be maintained at no unusual expense this year.

Our Water Works are self maintaining and no extensions are anticipated in the Sewer and Drain departments.

We regret that we cannot be of more assistance to the very worthy work that the Community Hospital and District Nurse Association carry on for the city.

It has been suggested that the Playground activities be omitted next year, but anyone who has seen the benefit and pleasures gained by the children, should make every effort to continue this excellent work.

The air-whistle has been installed and one more permanent man maintained by the Fire department this year, as recommended by the Underwriters to continue our favorable rates. This department is well equipped and handled.

As a final recommendation, I would like to suggest that a committee of seven be appointed by the City Government to consist of two aldermen, three councilmen, the city solicitor, and one outside business man, to investigate and consider the advisability of consolidation of all city departments into a department of Public Works, under the supervision of a competent head. This department would be sub-divided into different branches, each under a

foreman who would be accountable to the superintendent. This would bring about one central office and accounting system, save much duplication of bookkeeping, centralize purchases, the exchange of equipment and labor, and it is reasonable to expect a saving in the city expenses.

There may be some legal matters that would have to be adjusted, but other cities have found it to be the best way of city management.

CITY OF KEENE

In the Year of our Lord one thousand nine hundred thirty-two.
A JOINT RESOLUTION relating to Revaluations.

Resolved by the City Councils of the City of Keene, as follows:

That the City of Keene by its councils expresses the desire that every effort be made to avoid litigation due to over assessments, and suggests that the Board of Assessors make a special revaluation of property in the City during the months of January and February, basing its judgment, as far as may be consistent, on the settlements of the recent tax litigation.

Introduced by the Joint Standing Committee on Finance, December 15, 1932.

Passed December 15, 1932.

---

82 Cottage Street,
Norwood, Mass.,
Dec. 3, 1932.

Mr. Frank Whitcomb, City Clerk,
Keene, N. H.

My dear Mr. Whitcomb:—

Inclosed you will find a check for one-hundred and fifty dollars ($150.00), which is to pay for perpetual care of lot No. 451, previously owned by Mr. O. E. Richardson. As his heirs are signing off their share to his daughter, Mrs. Irving Hill, of Keene, I would like to have this Perpetual Care Fund read "The Richardson-Hill Fund," for Lot No. 451.

Very truly yours,
HOWARD B. RICHARDSON.

A JOINT RESOLUTION relating to The Richardson-Hill Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the City of Keene by its councils, hereby accepts The Richardson-Hill Cemetery Fund of One Hundred Fifty Dollars, in trust, however, the income only to be used in the care of Lot No. 451 in Woodland Cemetery.

The City Clerk shall receipt for said fund which shall be invested by the Trustees of Trust Funds according to law.

Passed December 15, 1932.

AN ORDINANCE relating to Salaries and Wages of City Employees.

Be it ordained by the City Councils of the City of Keene as follows:

Section 1. For the year of our Lord nineteen hundred thirty three, all salaries and wages of the employees of the City of Keene whether or not stipulated by the City Ordinances shall be reduced according to the following schedule:

| | Rate |
|---|---|
| Up to $500.00 per year basis, | 5% |
| $500.01 to $1,000.00 per year basis, | 6% |
| $1,000.01 to $1,500.00 per year basis, | 7% |
| $1,500.01 to $2,000.00 per year basis, | 8% |
| $2,000.01 to $2,500.00 per year basis, | 9% |
| $2,500.01 and upwards per year basis, | 10% |

Section 2. The aforesaid schedule shall apply to the aggregate salary or wage where an employee of the City holds more than one position.

Introduced by the Joint Standing Committee on Finance.

Passed December 15, 1932.

---

In the year of our Lord one thousand nine hundred thirty-three.

A JOINT RESOLUTION relating to regular meetings.

Resolved by the City Councils of the City of Keene, as follows:

That the City Councils meet on the first and third Thursdays of each month, at 7:30 o'clock p. m., for the transaction of general business.

Passed January 5, 1933.

---

Keene, N. H., Jan. 3, 1933.

To the City Councils of Keene, N. H.

The undersigned desires to give to the City of Keene, in trust, however, the income only to be used in the care of the East half of Lot No. 45 in Woodland Cemetery, the sum of One Hundred Dollars.

MRS. C. H. HOFFMAN.

Phebie L. Davis fund.

A JOINT RESOLUTION relating to the Phebie L. Davis Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the City of Keene by its councils, hereby accepts the Phebie L. Davis Cemetery Fund of One Hundred Dollars, in trust, however, the income only to be used in the care of the East half of Lot No. 45 in Woodland Cemetery.

The City Clerk shall receipt for said fund which shall be invested by the Trustees of Trust Funds according to law.

Passed January 5, 1933.

---

A JOINT RESOLUTION relating to a Temporary Loan.

Resolved by the City Councils of the City of Keene, as follows:

That for the purpose of paying such claims against the City of Keene as may fall due during the current municipal term, The Joint Standing Committee on Finance and the City Treasurer of said city be and hereby are authorized and empowered to make such temporary loans, from time to time, for the use of said city of sums not exceeding in the aggregate the amount of Two Hundred Thousand (200,000) Dollars; said loans being in anticipation of taxes of the present municipal year and hereby expressly made payable therefrom; said treasurer giving for said loans the notes of said city, bearing interest, or discounted and signed by said treasurer and the mayor of said City of Keene and payable within one year from their respective dates; and be it further resolved that the above resolution shall take effect upon its passage.

COWLING HILTON,
President Common Council.
N. C. SIBLEY, Mayor.

Passed January 5, 1933.

---

A JOINT RESOLUTION relating to the property at the Corner of Washington and Greenlawn Streets.

Resolved by the City Councils of the City of Keene, as follows:

That the sum of six thousand six hundred and thirty-two dollars and sixty-four cents ($6,632.64) be and hereby is appropriated from any money in the treasury not otherwise appropriated to pay the purchase price of the property on the corner of Washington and Greenlawn Streets sold by George Warwick, Jr. to the City of Keene and interest from September 1, 1932 to date.

Passed January 19, 1933.

STATE OF NEW HAMPSHIRE
Office of Secretary of State

I, Enoch D. Fuller, Secretary of State of the State of New Hampshire, do hereby certify that the following and hereto attached is a true copy of an act entitled

"An Act relative to the election and compensation of city and ward officers in the city of Keene."

(Approved April 29, 1933)

as engrossed in this office and in my custody as Secretary of State.

In Testimony Whereof, I hereto set my hand and cause to be affixed the Seal of the State, at Concord, this 3rd day of May, A. D., 1933.

ENOCH D. FULLER,
Secretary of State.

State of New Hampshire

In the year of our Lord One Thousand nine hundred and thirty-three

AN ACT relative to the election and compensation of city and ward officers in the city of Keene.

Be it enacted by the Senate and House of Representatives in General Court convened.

1. Biennial Elections. Amend the charter of the city of Keene, being an act approved July 3, 1873, by striking out sections 4 and 5 of said charter and inserting in place thereof the following: Sect. 4. The biennial meeting of the legal voters of said city of Keene, for the choice of city and ward officers, shall be held on the Tuesday next following the first Monday in November, 1933, and biennially thereafter; and all city and ward officers who are chosen by the people shall hold their respective offices for two years from the first Tuesday in January next succeeding and until others are chosen and qualified in their stead. Sect. 5. The mayor, aldermen and common councilmen shall meet in convention for the purpose of taking the oath of their respective offices on the first Tuesday of January after they are elected, at ten o'clock in the forenoon.

2. Takes Effect; Tenure of Office. This act shall take effect for the election of officers in the city of Keene November, 1933, provided that the city and ward officers elected at the annual election in December, 1932, shall hold their respective offices until the officers elected at the biennial election of 1933 shall qualify.

3. Board of Supervisors. Amend section 9 of chapter 162 of the Laws of 1878 by striking out the words "which shall not be over two dollars and fifty cents per day for actual service;" so that said section as amended shall read as follows: Sect. 9. The mayor and board of aldermen shall fix the compensation of the board of supervisors.

Mr. Frank H. Whitcomb, City Clerk,
Keene, N. H.

Dear Sir:

Your letter of July 25th, to Ralph C. Blocksom is before me relative to the Joseph B. Abbott Cemetery Fund for perpetual care of Lot. 258 in Greenlawn Cemetery, Keene, N. H.

It is my desire to add $150.00 in trust, to this fund the income from which I understand will be sufficient to perpetually care for the grass, regrading and sodding and the care of the Pachysandra planted around the base of the monument also its replacement if necessary.

I would also include in this Perpetual Care the washing of the monument and markers when required and the resetting of the markers if they become loosened from the foundations.

Will you please bring this request to the attention of the City Councils and advise me of their decision?

Very truly yours,
FLORENCE T. ABBOTT.

City Messenger.

# REPORT OF SUPERINTENDENT OF HIGHWAYS

To His Honor the Mayor and Gentlemen of the City Councils:

I beg leave to submit the report of the highway department for the year ending December 1, 1933.

The City of Keene contracted with the State of New Hampshire to build the Marlboro concrete road and work was started on this project May 13th. Materials to be used were contracted for by the highway department, bids being received for drain pipe, steel reinforcing, cement, sand, gravel, etc. This work has cost $77,188.52 with payments received to date of $74,704.62, the road is finished but the final estimate has not been received from the State.

Work on Class V roads was proposed by the State of New Hampshire who offered to meet payrolls each week for work done, this work to be under the direction of the City Highway Committee and Division engineer White of the State Highway Department. The sum of $9,315.00 was appropriated for this project on which 40% of the labor was drawn from the welfare department, and 60% from the state employment office. This work started on the Branch road September 18th, where $1,671.65 was spent. The Peg Shop road next received attention to the amount of $2,379.07. The Wyman road had $2,314.35 expended upon it, and the Hurricane road received work to the amount of $2,949.93. Many curves have been made less dangerous as the work on these roads was mainly widening and blasting out boulders and ledges.

The regular work of Forestry and taking care of trees has been done this year as usual, at a cost of $2,195.48. In addition all the elm trees within a radius of about one and one half miles of the center of the city were sprayed to control the elm beetle which seemed to be doing considerable damage. Under the guidance of a tree expert from the office of Pollock & Company tree surgeons, several weeks were spent on this work and a most thorough job accomplished. The powerful city spraying outfit was used to force the spray to the topmost limbs of the large elms, the taller trees being climbed and sprayed. In sections near paved streets and other places where there was insufficient food for trees, a commercial fertilizer of cotton seed meal and other ingredients needed to make a balanced ration were placed under the ground for their use. The cost of labor in spraying and fertilizing was $578.79. The cost of materials, fertilizer, arsenate of lead etc. being $341.62. Thus a total of $3,115.89 was spent for forestry and care of trees.

With this years appropriation of $10,000 for oil and tar we were able to oil only the main streets carrying the most traffic. It would seem the most economical way to maintain our streets by having a larger appropriation for this work.

No depression is evident at the incinerator plant. It is surprising what a quantity of refuse is brought here in cars from private homes, while an ever increasing amount comes from markets and other business houses. The spring and fall clean up of rubbish was made as usual.

After considerable correspondence with the Civil Works Administration relating to estimates on the different projects, the sum of $18,000 was alloted to Keene and the work started immediately, Nov. 27th on the Belvedere road. This road is being widened, graded, and the brook channel alongside road changed to do away with two bridges. This work is being done under local C. W. A. committee's supervision and must be work not previously planned by the city, nor can this appropriation be used to replace regular city work. Upon request of the local Forestry department of the C. W. A. several locations have been given them on outlying roads where trees could be trimmed and brush cut to very good advantage, this work is being done.

Upon completion of this C. W. A. work on the Belvedere road only one bridge will be left on this road in Keene, the condition of this bridge requires that work be done upon it, and if a suitable bridge were to be built in 1934 of concrete at a small expense, the maintenance of bridges on this road would be permanently removed.

Another item of bridge work which should receive attention are the bridges on the Branch road. This road has been greatly improved in the past two years, and as a result travel is increasing. These bridges should be replaced to take care of this heavier traffic.

In addition to the above, the usual upkeep of city streets has been maintained.

The department has the usual inventory of equipment, and a somewhat larger quantity of hand tools than usual.

A statement of expenditures by the highway department for the fiscal year 1933, for highway maintenance.

Superintendent of Highways.

### THE SOUTH KEENE BRIDGE

Built by the State Bridge Department

This bridge was designed and constructed by the New Hampshire Bridge Department during the summer of 1933. It is a continuous frame structure, set of a fifty-five degree scew with the roadway, showing an arch effect. The bridge is made of concrete and reinforcing steel, faced with stone; being designed to carry with ample safety three trucks; of short wheelbase, so placed as to give the maximum stress. The structure has a 70 foot clear span and is 34 feet, 5 inches wide from the outside of one rail to the other; having a 25 foot roadway and a 5 foot sidewalk. The bottom of the abutment footings are 6 feet below the normal stream bed. At each abutment the span has a clearance of 8 feet with twelve feet at the center of the arch. The arch has a radius of 147 feet and 11 inches.

In excavating for the footings a number of 8 inch by 8 inch timbers, that had been used as a foundation for the first bridge across the stream, were uncovered. These were found to be in very good condition and were later used in the fakework of the new bridge.

As the structure is on the end of a curve the up stream side is a foot higher than that of the down stream, giving a transverse slope in the roadway of one inch to the foot. In crossing the bridge there is a cambed of five inches.

The elevations were figured from a bench mark (El 151.03) on the most northerly nut of the hydrant cap in front of the brick house at the corner of the Swanzey Factory road.

In the construction there was used 42 tons of reinforcing steel, 4,968 bags of cement, 1,420 tons of concrete, 47,000 board feet of lumber, and 212 tons of facing and cap stone. The cap stone for the rails and wings were quarried at the City of Keene's Quarry at the water works in Roxbury, and cut on the job. The facing stones were split and cut from the stone abutments of the old bridge at South Keene.

There are a number of novel features in the structure. It is the first bridge in the state to have spider web construction in the stone work; a light weight concrete (aerocrete) was used as a filler on top of the slab to bring it up to road grade; and a patented amrod grid was cemented into the floor, thus giving a semi steel weaving surface in the roadway.

The construction foreman and his associates wish to commend the Mayor, Water Department and all the other departments of the City of Keene for the beneficial manner in which they cooperated.

## REPORT OF PARK COMMISSIONER

---

To the Honorable Mayor and City Councils;—

It is gratifying to report that the past year has undoubtedly seen the largest use of the various parks of any season. Unemployment and reduced hours of labor are expected to bring a still further use during the coming summer and it is hoped that the Public Works project of developing a large recreation field in Robin Hood Park may be completed in time for full use this year.

A reduced appropriation prevented any large expenditure for park developments during the year, the greater percentage being for labor in care and supervision. Some filling, grading and planting has been done at Robin Hood and Ashuelot Parks and an unsightly plot at Gilsum Street and Washington Avenue has been filled and graded ready for planting in the spring.

The principal expenditures have been divided as follows:

| | |
|---|---|
| Wheelock Park, | $397 08 |
| Robin Hood Park, | 516 82 |
| Robin Hood Pool, | 774 11 |
| Fuller Park, | 296 30 |
| Ashuelot Park, | 260 30 |

Through the courtesy of the Forestry Department of the Civil Works Administration, a crew is at work thinning undesirable growth and building new trails and this work through the next two months should save the city a

considerable amount in the next few years. The City Pasture on Main Street has already been cleared of an unsightly growth of brush so that a fine grove of pine may be made available as a park.

Owing to conditions no additional appropriation is recommended for the coming year.

Respectfully submitted,
ROBERT T. KINGSBURY,
Park Commissioner.

## REPORT OF CITY PHYSICIAN

To the Honorable Mayor and City Councils:
Keene, N. H.

It has been my pleasure, as well as my duty, to serve as your City Physician from December 1, 1932 until July 1st, 1933. During these six months I have attended about two hundred and fifty (250) men, women, children and babies of all sorts and conditions of physical disabilities at a total expenditure of $324.00.

At the present hour when times are hard—there is a great increase in the number of those who have never asked aid before. Those who live and work in the less fortunate of the City's districts are made aware of this condition in many ways. Teachers, especially, are brought into contact with cases of sickness and true need, who are doing their best to hide their straightened circumstances—thereby sadly neglecting to call the City Physician when absolutely necessary—resulting often in the complete family needing medical attention.

We, who are either officially, or otherwise, in places where help can be given—should be extremely kind and generous in our modes of relief and directions.

Let the public be aroused to helping **any** in need—but let the actual **giving** and **serving** be done in the spirit of that charity "which is not puffed up and that seeketh not its own"!

Indeed this is the only way this important service can be really intelligently and fruitfully administered for the best of medical results.

Respectfully submitted,
ELIZABETH B. REED.

December 14, 1933.

## REPORT OF THE BOARD OF HEALTH

To His Honor the Mayor and Gentlemen of the City Councils:

We hereby submit the annual report of the Board of Health for the year ending November 30th, 1933.

A. A. PRATTE, President,
JOHN H. SIMPSON, Secretary,
PAUL F. BABBIDGE.

December 14, 1933.

## REPORT OF THE HEALTH OFFICER

Keene, N. H., Dec. 1st, 1933.

To the Board of Health:

I hereby submit my report as Health Officer for the month of November, 1933.

In co-operation with the State Board of Health I have started an inspection of the cows, barns and equipments of the milk producers. I have also started to have the milk analyzed by Dr. Hubbard. A laboratory test is the most reliable one to find out the cleanliness of milk. This test has proved that the milk used in the schools is of the best quality.

I have made an inspection of Hotels, Restaurants, etc., and found them in good condition.

There is no house quarantined for contagious diseases.

Inspection of plumbing is being done for me by a plumber.

Respectfully submitted,
ARTHUR A. PRATTE,
Health Officer.

December 14, 1933.

## REPORT OF INSPECTOR OF BUILDINGS

Respectfully submitted,
RALPH H. CLARK,
Inspector of Buildings.

## REPORT OF TRUSTEES OF KEENE PUBLIC LIBRARY

To the Honorable Mayor and City Councils

Gentlemen:—In the early summer the Administration committee and members of the board met with the Library and Finance Committees of the City Government and a contractor and arranged to have the most urgent repairs made on the Library building at an estimated expense satisfactory to all concerned.

A new roof has been put on the stack room and repairs made with a new roof over the front porch.

The interior of the stack room has yet to be finished.

The coming year it will be necessary to paint the exterior and interior of the building. With the greatly increased demands of the public upon the resources of the Library extra help has been needed at times. We are pleased to report that owing to the untiring efforts and efficiency of the Librarian, Miss Saxton, and the ready and cheerful cooperation of the staff these have been met and handled with satisfaction and economy.

The children's active and increasing interest in their room, their books, and the entertainments arranged for their benefit and pleasure is most gratifying.

In compliance with your request this report is brief and we refer you to the appended report of the Librarian for statistics, details of the work and activities of the Library.

MARY A. A. PRENTISS, Secretary.

December 7, 1933.

# REPORT OF LIBRARIAN

---

## THE FIFTY-NINTH ANNUAL REPORT OF THE KEENE PUBLIC LIBRARY

To the Trustees of the Keene Public Library:

The year's work again shows the value of a public library in a period of depression and idleness.

The reading-rooms have been well patronized at all times of day, even in mid-summer.

The circulation has not only kept up to the figures of last year but has made a jump ahead and with a gain of 5,160 brings the total circulation of books and magazines up to 116,731. 217 books have been loaned to schools and their circulation for home use has been 446. 1,167 books have been loaned from the deposit at Symonds school. The gain for 1932 and 1933 is practically 20,000. The daily average is 388 and the largest number of volumes issued in one day was 800.

The registration of adult borrowers has increased by 552 and juvenile by 322. The number of borrowers registered since September 1930 is 6,772.

963 volumes have been added during the year, 160 of which were gifts. 564 volumes have been withdrawn. The number of volumes in the library at the end of the year is 29,984.

The work with schools is also on the increase. One librarian is on duty to assist students practically every afternoon and evening. Duplicate copies of books most in demand are being purchased in larger numbers than ever for the benefit of these pupils. Book Week afforded an opportunity to bring together schools and library and proved to be quite an interesting time for us and the children, as the Franklin, Wheelock, and Symonds schools and the West Keene troop of Girl Scouts brought to the library the special projects which had been prepared in celebration of the week or as a regular school exercise and gave them for the benefit of boys and girls from all parts of the city. Poster work was also exhibited. A division of the Hampshire Playerfolk prepared and gave a play on Saturday afternoon which was greatly enjoyed by over 400 children. The play was given in High School Hall through the courtesy of the Union School District. As a result of these activities, new borrowers are already coming in.

The annual meeting of the New Hampshire Library Association was held in Peterborough in August and all members of the staff attended at least one session.

A part of the library of Mrs. Chloe P. H. Eyers came to us by bequest during the year and has added some valuable books and newspapers.

Thanks are due to the Hampshire Playerfolk, the Keene Evening Sentinel, the Trustees and Assistants for aid and co-operation in a busy year.

Respectfully submitted,
MARY LUCINA SAXTON,
Librarian.

In the matter of the City of Keene vs. Crocker, the City of Keene having secured an injunction from which the defendant indicated that he wished to take an appeal to the Supreme Court, a time was set within which appeal would have to be taken and appeal not having been taken within the time limited, the injunction granted to the City of Keene has become permanent.

In the matter of the City of Keene vs. Louis Tatelman, the death of the petitionee has prevented further action in this petition and a new suit will be started against the new owners of the land.

In the matter of Heald et als vs. Sibley et als. the City of Keene filed a petition with the Superior Court requesting permission to erect the Sumner Knight Memorial Chapel in Woodland Extension Cemetery. After service on the interested parties and hearing on the matter, the City of Keene was directed by the court to proceed with the erection of the Chapel in Woodland Extension Cemetery. The petition of Heald et als for an injunction restraining the City from building the Chapel was dismissed. Shortly after securing this, decree bids were requested and the work of erecting the Chapel is now well under way.

In the matter of the City of Keene vs. Ruffini, this case having been on the docket of the court for a number of terms and there being no evidence that any further payments were due, was dropped from the court list and dismissed.

The suit of Herman Claywood vs. the City of Keene is the only suit now pending, except tax suits, on which no hearing has yet been had. This suit has been in court for some time and although the City has made several attempts to settle the matter in a friendly fashion it is evident that the case will have to be tried. This trial will undoubtedly be held during 1934.

There are now pending against the City, eleven suits for abatement of taxes. Trial of such suits is long and expensive for the City. Present economic circumstances make adjustment of tax valuations a difficult problem. These tax suits will probably be disposed of in some equitable manner or referred for hearing during the year 1934.

All criminal complaints falling within the jurisdiction of the City Solicitor were prosecuted in the Keene Municipal Court. The City Solicitor has also advised the officers of the City Government as to the law in various matters, has given considerable time to preparation of the City's application for loans from the Public Works Emergency Administration and has effected the collection of a number of bills owed to the various departments of the City.

Respectfully submitted,
JOHN R. GOODNOW,
City Solicitor.

## REPORT OF COMMITTEE ON PUBLIC PLAYGROUND

To A. W. Pressler, Chairman Play Ground Committee:

With the close of the play ground season August 25, 1933, we find the closing of one of the most successful play ground periods in the history of Wheelock Park, both to parents and children.

The program of activities covered a wide field of interest for the purpose of making active and pleasing all desires of the varied groups that attended the play ground. This program consisted of:

Music clubs, Nature work, Handwork groups, Dramatic club, Stunt clubs, Manual training group in a modified form, and Athletics of all sorts.

A fire department was organized at the play grounds through the influence of Chairman Pressler of the play ground committee. This aroused a great deal of interest among the boys and included a great many of them. Another experiment was a story telling hour conducted every day, and this enjoyed a like success.

Another new novelty as instituted this year that never previously had been used. This was in the form of a short entertainment each Friday afternoon, that was possible. The entertainments were, on the whole, enjoyable and satisfying.

The two great days of the season were not only great from the standpoint of success, but also from the standpoint of attendance, as all previous attendance records for a day were broken. The two days mentioned were, The Doll show and Carriage Parade, held July 28, 1933, with a total attendance of 1,100 children and parents, and the Grecian Pageant of Venus and Adonis, held August 8, 1933, with a total attendance of 1,000 people.

The doll parade was not as colorful this year, due to obvious reasons, but many more children participated which is equally desirable. A great deal of effort was put into this event, and also time by the women of the play ground committee, Mrs. W. Nelson, Mrs. B. Greene and Mrs. E. Little. Prizes were offered to the winning contestants.

The Grecian Pageant was without doubt the most pretentious affair ever attempted at the play ground. Seventy-five or more boys and girls of wading pool age competed for honors. All were attired in bathing suits. Time, effort and much originality entered in the construction of the setting for this affair and the greater part of the three mentioned can be attributed to the men of the play ground committee, namely Adolf Pressler, and Cowling Hilton, and also to the play ground caretaker, Orrin Stearns.

During the period from July 5, 1933, the opening day of the play ground to August 25, 1933, the closing date, 12,874 children played and enjoyed themselves under the supervision of the play ground staff. The average daily attendance at the play ground was 307.

On the closing day, August 25, the children enjoyed a corn roast offered by Orrin Stearns and a short entertainment in the afternoon.

The play ground staff wish to extend their thanks and appreciation to the parents of the children of Keene for their interest in, and cooperation with the work carried on at the play ground. Their confidence was expressed by the attendance daily of 150 children between the ages of three and seven and such a confidence in the staff made them feel doubly their duty toward the children. The staff also wishes to thank the play ground committee, for their cooperation, and helpful assistance afforded them during the season. It was as gratefully received as it was given.

The play ground staff this season consisted of: director Newell J. Paire, assistant director, Henry C. Lane, instructors, Etta L. Field, Margaret E. Stearns, Charlotte H. Chandler, M. Lula Morey, Miriam Coffin and Harriet I. Spaulding.

Respectfully submitted,
NEWELL J. PAIRE,
Director, 1933.

The Greatest Assets to a City are Its Children

The young man in the picture on the opposite page, with thousands of others, who enjoyed the City Play ground at Wheelock Park represents the dividends on the investment your honorable body made this year to the Play ground Committee. We ask at your hands for the support of the Wheelock Play ground, which is to include a cement apron around Lake George, also a piano—not an "English Billion" but the sum of twelve hundred and fifty dollars for the year of 1934.

# REPORT OF THE CHIEF ENGINEER OF FIRE DEPARTMENT

December 1, 1933.

To His Honor the Mayor and Board of Aldermen:

I hereby submit my report for the year ending November 30, 1933.

There were 15 bell alarms, 330 still alarms, making a total of 345 alarms, 12 of these calls were out of town.

| | |
|---|---|
| The estimated value of buildings damaged by fire, | $300,600 00 |
| Damage to buildings, | 5,237 67 |
| Insurance on said buildings, | 208,585 00 |
| Insurance paid, | 5,237 67 |
| Value of contents of buildings, | 155,200 00 |
| Damage to contents, | 2,739 09 |
| Insurance on said contents, | 167,600 00 |
| Insurance paid, | 2,739 09 |

The number of alarms the department has answered for the year is four less than that of last year, but the fire loss is only about one-tenth of that of last year. It is the smallest fire loss for 18 years. Last year was the largest loss that could be traced on record.

The Motor Fire Apparatus and its equipment are in very good condition except the Reo Combination, Chemical and hose, which is too light for its load and service required of it, and should be replaced in the near future with a modern piece of apparatus.

The Mack Ladder Truck has been changed over to steel disc wheels and pneumatic tires. This piece of apparatus was purchased thirteen years ago with solid tires which was being used on heavy equipment at that time and has continued on them until this time. The new tires are 38 x 7 on the front and 40 x 8 on the rear. This makes a more modern piece of apparatus, as it will carry its load easier and a big advantage as to its safety, as solid tires are very slippery on snow and ice.

The department has on hand 9,500 feet of double jacket rubber lined fire hose, and about 1,200 feet of linen unlined hose at South Keene in hose house. There has been 200 feet of unserviceable hose, and 150 feet of new hose sold to the Water Department. Also 300 feet of unserviceable hose to the Highway Department.

The Fire Alarm System is in very good condition. There have been purchased two fire alarm boxes for replacement. They are box 6 Main Street corner Emerald, and Box 42 West Street corner School. Also seven new outside box doors with quick pull attachments, which makes these boxes up to date. They are Boxes 9, 45, 118, 143, 174, 182, 512. The system now has nineteen of the latest type of non-interfering boxes and thirty-one of the old type. There are 50 boxes on the system. The Fire Alarm boxes have been painted during the year. The compressed air whistle outfit which was installed last year has given very good service.

## RECOMMENDATIONS

The Board of Engineers recommend the purchase of 1,000 feet of fire hose; also that two new fire alarm boxes be purchased so as to continue to dispose of the old boxes now in service.

To His Honor the Mayor, and Joint Standing Committee on Fire Department, Board of Engineers, Officers and members of the Fire Department, and to the Police Department, I extend my sincere thanks and appreciation for the aid and support rendered me during the year.

Respectfully submitted,

EUGENE B. RILEY,
Chief Fire Department.

| | $196,978 25 | $218,402 38 | — $21,424 13 |

We recommend that the sum of $197,000.00 be raised by taxation.

The estimating of appropriations for the year 1934 has been beset with various difficulties not encountered in previous years. The greatest of these is the uncertainty due to the action of state and Federal governments in taking over relief control by various methods.

The committee has contacted every city government committee with regard to the estimated expenses for the next year, and has received very satisfactory cooperation.

It will be seen that the highway department requests a much larger sum than last year. Part of this is due to a smaller balance, and part is due to additional necessary equipment.

Although there are pending R. F. C. projects totaling some $210,000.00, none of these as yet has been sanctioned, and the committee therefore has not made provisions for interest payments on this total, which would probably be around $6,500.00.

The committee remains of the opinion that expenditures should be curtailed to a point commensurate with service to the community, and has recommended with that end in view.

NATHAN C. SIBLEY,
WINTHROP FAULKNER,
PERCY A. HUDSON,
CHESTER L. KINGSBURY,
Joint Standing Committee on Finance.

December 21, 1933.

## REPORT OF CITY AUDITOR

To His Honor the Mayor and Members of the City Councils:

I have examined the bonds, notes, deposit books and other securities belonging to the City in the hands of the city treasurer and the trustees of trust funds, and find the same correctly set forth in the proper schedules to be printed in the annual report.

I have also examined the books and vouchers of the several officers and find that their collections and deposits for the year ending Nov. 30, 1933, agree with the recapitulation of receipts and expenditures reported by the Finance Committee.

I have examined, verified and allowed all claims paid by the City during the fiscal year, amounting to $962,341.91 and the disbursements as reported by the City Clerk agree with the entries made by the Auditor in his book.

Respectfully submitted,
WALTER M. HUBBARD,
City Auditor.

# VITAL STATISTICS

# VITAL STATISTICS

To His Honor the Mayor and Gentlemen of the City Councils:
